OUT OF SIGHT #10

november 2000 (rm1ppd)

The end of homophobic topic from discussion "am i homophobic ? how about u ?"

EDITORIAL.....

hi friends!!!, im back... maaf kerana kelewatan aku mereleasekan n/letter ni utk sentapan minda anda semua. kelewatan ini adalah kerana gangguan kesihatan aku, dimana aku terpaksa berehat selama 2/3 minggu, sekarang semuanya telah kembali seperti sedia kala maka siap & release lah out of sight #10 ni. penghasilannya a gak kelam-kabut sikit coz aku terpaksa mengejar & mengatur kembali jadual serta masa aku yg tergendala selama beberapa minggu tu, aku harap korang berpuas hati ab dgn penghasilan yg aku sendiri tak puas hati. sekali lagi kemaafan aku pinta kepada kalian yg ada menghantar letter kepada aku coz lambat reply, aku harap k orang tahu akan situasi aku yg lepas. mengimbas kembali out of sight #9, aku in gah ucapkan terima kasih kepada korang semua kerana sudi menyaport n/letter ni. terima kasih juga kepada mereka2 yg sudi memberi feedback, kutukan, fuck, komen, etc bagi membetulkan segala kesilapan yg sengaja & tak sengaja. kenapa & mengapa aku masukkan warkah amat yg jelas berbau homophobic tu adalah kerana aku ing unkan respon serta feedback & juga pendapat dari korang akan apa itu homophobic. ideologi ni telah lama kita banaskan sehingga menimbulkan kekeliruan, permasalahan, pergaduhan, etc. so... bukanlah aku sengaja memasukkan warkah tu tapi atas tujuan tertentu kerana kita mesti belajar dari kesilapan barulan hasilnya kita akan dapat utk dikongsi bersama. out of sight #10 cuba menyelesaikan masalah ideologi ni melalui discussion tapi tidak mendapat jawapan drpd editor2 yg telah aku pilih utk discussion ni, hanya 3 editor yg berani meluahkan pendapat mereka & seorg menarik diri. discussion ni bagi aku amat bermakna jika berlaku kesilapan mungkin akan menimbulkan kontroversi, dlm ketiga2 discussion yg telah dijawab hanya satu jer yg dapat aku terima utk dimasukkan dlm out of sight #10 ni. la ngkah ini terpaksa aku ambil berat sebelum kesilapan demi kesilapan serta kekeliruan dapat diatasi dgn segera. kemaafan aku pinta kepada 2 editor yg terpaksa aku batalkan jawabannya mengenai discussion "am i homophobic ? , how about you?" aku harap dgn adanya discussion ni korang semua akan mendapat jawapan sebenar akan apa itu homophobic. drpd kebanyakan feedback yg aku terima sesetengah pendapat menyatakan homophobic adalah mereka yg melakukan hubungan sejenis & ada pu la yg menyatakan homophobic itu adalah mereka yg menentang keras perlakuan sex sejenis @ erti kata lain penindasan terhadap golongan sex sejenis. hmm... sunggu h mengelirukan, ada juga yg terpaksa mengaitkan agama (religion) bagi menyelesaikan permasalahan ideologi ni, bagaimana pula dgn korang ???!!!... tentunya kor ang juga keliru akan maksud sebenar ideologi ciptaan manusia ini, segalanya akan terjawab setelah korang membaca out of sight #10 ni. segala persoalan kita kongsi bersama, always remember communicate is the key of movement, respect/learn/teach/always be in love for freedom & peace, tiada gunanya kalau kita berdiam diri lakukankah sesuatu utk selamatkan scene kita drpd sesuatu ideologi yg boleh memusnahkan scene kita. sesuatu ideologi yg bercorak penindasan harus kita atasi bersama, hak asasi kemanusiaan perlu kita hormati kerana setiap manusia in gin hidup dimuka bumi ini tanpa pergolakan, pertumpahan darah, pergaduhan, etc, kita yg mencipta kerosakan itu, maka kita jugalah yg perlu memperbaikinya. tiad a siapa pun manusia yg tak ingin hidup bahagia dgn penuh keamanan. fikirkanlah!!

dear mr.jera,

11 → baru2 nie aku ada terbaca suatu akhbar mengenai bebudak skin head di kota bha ru, kelantan, apa pendapat kau mengenai isu ni ??? --

+ pasal budak skin kota baru tu entah ler. aku sendiri pun tak tau nak caka p cam mana. aku pun ader dgr citer pasal skin gril tu tapi entah ler. aku mal as nak amail tahu. mereka ni bukannya budak2 kecil tapi dah besar, dan ader o tak nak pikir. bagi aku perjuangan skinnead nie nonsense (ed- eh ye ker--), ta de aper. cuma sekadar enjoy masa muda saja, hang-up with friend, drink, fashi on etc. tapi tak tau ler aper pendapat kau. aku cuma risaukan budak2 jer (12-17) thn yg masih lagi tercari2 punca. ader yg tiru & nak jadi punk, mualah nak berlagak, minum arak, buat kacau & memberontak dgn daran muda, tapi merek a sendiri pun tidak tau apa yg mereka buat, silap2 boleh terjebak dgn benda2 yg tak baik. tu yg tak bagus tu... maybe bagi mereka punk itu adalah benda yg nampak cool & org akan respect serta takut jika memakai pakaian punk/skim. in ilan benda yg masih berlaku di tempat aku kota baru. masih ramai budak yg ce nyut dgn punk lama spt sex pistol, exploited etc. mnda mereka masih lagi ter tutup utk menerima idea2 baru. oleh itu, kami disini cuba melakukan sesuatu. zine/n/letter/ distro/ label & diy network agar senang bagi budak2 sini menda patkan stuff2. itu jalan yg termampu. masalannya sekarang budak2 masih lagi dgn ego memasing bukan utk menerima idea2 org lain huh!!!!...

+ kalau tak silap aku dlm bln july yg lepas kat bdr tenggara ni berlakunya suatu pergaduhan yg boleh dikatakan dahsyat, lebih kurang 30 org budak yg maju-oritinya bebudak skinhead telah membelasah seorg pelajar sek men arab bdr tenggara sehingga koma, mana taknya bila kasut underground & dr martine turut terlibat memijak & menerajang budak yg koma tu, dah tentu nyer sakit giler, kalau aku yg kena maybe innalillahi ler aku... punca pergaduhan ni pun aku tak tahu & menurut kata kawan aku budak tu kena belasan coz dia belagak, erm... hanya dia belagak jer... aku ingatkan pasal kes2 besar.

pergaulan di pingga dapat dihidu oleh pihak polis kat sini & kota tinggi, hmm.. rasakanlah korang apabila discaal satu persatu kat ballai tu... dengar ci te dlm 5 org kena lokap selama 1 minggu utk discaal siasat, termasuk ler sepup u aku (budak sdn) coz dia yg tarik budak tu. setelah kejadian itu aku pun te rus jumpa mereka semua & memberi nasihat serta teguran tak lupa juga memberi knowledge & tunjuk ajar mengenai kesilapan yg banyak mereka lakukan. alhamdulillah mereka dapat terima & kini skin head bdr tenggara dah jadi org baik he.. he... begitulah citernya skinhead di tempat aku. bagi aku kita dlm u/g ni perlu sesama memberi teguran bukannya nak terus huku/ marah mereka, mungkin di setiap kesalahan tu ada kebaikan cuma kita jer yg terlalu hipokrit/ ego tak dapat menerima mereka. bagi aku juga skinhead nie sebenarnya ok cuma mer aka tiada bimbingan serta tunjuk ajar drpd org yg tahu apa itu skinhead. think it coz we have to respect each other with love not war, you wanna kick them or keep them 2000

Subject: Specific Heat Zine is now Dead!

Date: Thu, 5 Oct 2000 23:28:44 +0800

I'm quitting the zine, distro, Lion City Riot Blah, etc etc etc....NO more Specific Heat Zines. That goes for this website too. It is just not worth all the effort and money I put in to engineer a quality zine and then wring out cash from my hardly sufficient allowances to print it. Lion City Kids dun read zines anymore. They never dig distros. Riot Grrrr? Hardly. Hopefully I get to post pictures of the Grrrr Fest soon....if not, dun tret. I will take over this site as a personal site and no longer an online zine...I'll probably archive this site for memory or reference sake. Specific Heat Zine has been pronounced dead as of today. Thank you for all the support from my readers and friends from all over. Hope we could still keep in touch. *Pls pass this message on to those who might be interested in this piece of news*

Yours sincerely,
Svikiñ

part 2 ...

mike long & ryan fukunaga, 18 year old
high school students in toronto, opted
for straight edge after watching their
friends get drunk at parties."these ki
ds were so cool, doing their homework
& nice things for mommy & daddy during
the week, then on the weekends they wo
uld go to parties & get drunk & stoned
," said long, who has abstained for fo
ur years."its a cop-out." long & fukun
aga say that by living clean, they are
more aware of the bigger issues affect
ing the world around them."people aren
t paying attention to what is happenin
g in the world," fukunaga said, then a
ads: "staying clean, you can be a more
functional member of society."

except for outspoken musicians like Bi
f, straight edge remains more or less
unnoticed & underground. devotees find
out where & when bands are playing thr
ough fanzines, flyers posted at altern
ative music stores & straight edge cha
t lines & web sites. some concerts are
held in the basement of suburban homes
..straight edge bands such as better th
an a thousand& kill the man who questi
ons often perform alongside other punk
-rock bands at community halls & small
clubs."straight edge is growing but it
s still not a huge movement," said kee
ley madolny, a 16 year old straight ed
ger from streetsville, ont."so i have
to find the music wherever i can."

in some regions, however, straight edg
e is considered to be a dangerous sudc
ulture. in utan, some devotees are bei
ng investigated for 40 cases of arson,
vandalism & assault, including the tor
ching of a fast-food restaurant. polic
e have placed straight edgers on a lis
t of potentially troublesome groups to
watch out for leading up to the 2002 w
inter olympics in salt lake city. that
is an reaction to the fact that a few
edgers are militantly intolerant of no
nbelievers. andrew moench, a 19 year o
ld from salt lake city, has been charg
ed with murdering a 15 year old youth
who, police allege, did not respect mo
enchs straight edge point of view."i v
e got to die some time," moench told t
he u.s. network tv show 20/20."i might
as well be dying standing up for what
i believe in. if it resorts to violenc
e. yeah, then i dont have a problem wi
th that."

STRAIGHT XXX EDGE

Some observers blame the violent inte
lerance on incendiary punk-rock lyric
s that rage against the moral decay o
f society. in my way, by judge, incl
des the lyrics," those drugs are gon
a kill you if i dont get to you first
..and in words of war, the band raid
issues the warning,"our war is on, th
e talk must quit, and all the guilty
are gonna get hit." "there is a small
minority," says wood,"who take these
beliefs-veganism, living straight-
to the extreme of blowing up a lab i
n the name of animal rights, or beatin
g someone up who doesnt to the same
value system."but most of the strai
edge teens interviewed by maclean& di
stanced themselves from the violent a
ctions. many, in fact, embrace the p
acifist teachings of eastern religion
s." i dont like the hardliners who be
at up people, and i dont like the kid
s who just do it because they want to
fit in," said shannon elliot, a 21 y
ear old from victoria."its not about
that. straight edge is about explorin
g options and more meaning in life."

that sentiment is echoed by lauren jo
hnson, a 21 year old sociology student
t at mcgill university in montreal. j
ohnson, originally from thousand oaks
, calif.says she smoked and drank unt
il she was 16. she turned to straight
edge following an incident in which s
he was sexually assaulted while drunk
..now, johnson maintains an average
at mcgill, writes regulate, a fanzine
about straight edge and hard core mus
ic, and plans to attend law school. "i
am lucky to find a culture that sha
res my beliefs and music and other vo
ices that are coming from the same pl
ace as me," said johnson, adding:"i
am really interested in making politic
al change in my lifetime, and i cant
do that while under the influence of
drugs and alcohol."

feedback

feedback- bagi aku n/l kau tu oklah, maksud aku not badlah coz ada interview, article sebagai nasihat dan sebagainya. walaupun pada issue2 yg lepas dimana kau hanya beri tumpuan kpd satu tajuk jer iaitu nudism. biasalah, seseorang tu kalau nak berjaya mesti berusaha, bak kata "berakit2 kehulu, berenang2 ketepian, berakit2 dahulu, bersenang2 kemudian", no pain no gain.

eddie- segamat, johor

feedback- wah.. wah.. semakin gempak dan best n/l ko tu, banyak informasi dan mungkin blh jadi reformasi bagi sesapa yg panas bila baca warkah amat tu. aku rasa ko mesti struggle gile babey buat n/l ni, memang nampak kematangan la.... ku sokong ko pasal pendapat ko tentang homophobic tu, dan aku rasa aku pun sepakat ngan ko dlm ideologi ciptaan manusia ni, iaitu keliru!!... betullah.... punk is about conflict dan yg pasti dlm fikiran aku sekarang dah mengiyekannya. punk rock is about conflict. Kekadang aku fikir sampai berpusing2 kepala otak.

santos- b.pahat, johor

feedback- ..kau tahukan yg homophobic is not allowed to be in our scene. walau pun mungkin kau kata kau bukan homophobic tapi tak ker kau tau, tindakan kau meletakkan article amat tu adalah tindakan sebodoh2 u/ger. maaflah jika kata2 aku ni menyinggung perasaan kau, tapi aku sebagai kawan eloklah kita tegur-menegur.

Kau kena ingat u/g is about peaceful protest. apa guma kau support movement u/g kalau kau sendiri homophobic, kau samalah juga seperti mereka2 yg ada di atas sana yg hanya tahu menindas dan mengamalkan dehumanization keatas golongan ni. jadi aku u/g adalah sebaik2 tempat dimana golongan ni hendak membela nasib. jadi sedihlah kalau u/ger itu sendiri yg oppress mereka, putar belit namanya tu....

kai- kluang, johor

feedback- the more thing... congratulation coz oos #9 still out. aku respect kat kau coz ada juga inisiatif/ikhtiar dari kau terhadap diri kau (first), as scene & other people in the world. boycott !!!, oh not sama sekali... itu bukan pegangan aku. selagi ianya tak memudaratkan org ramai... i think, all this is just to give scene death. maybe people?, aku fikir takde org akan boycott oos coz totally is a good work. no reason utk itu. tentang warkah yg kau kat a beban homophobic tu & oos ni, pada aku ianya fact reality, tapi maybe org lain ada opinion yg lain. leh dont worrylah, hidup ini memerlukan kita sendiri berfikir. actually kita ni sebenarnya amat mudah dipengaruhi (aku), tapi bila difikir-kaji balik ianya bukan dari kita tapi system yg tanpa kita sedia ada sedin abad dlm scene ni....

nik- ipoh, perak

feedback- pasal nudism tu... tak tau camner makkik nek kater... memang ler aku tak setuju sangat ngan benda alah tu sebab ianya mengeksploitasi sedare sekam aku!!!, bile difikir balik, tak tau plak aku nak salahkan sape... na k salahkan pompuan ke... lelaki ke... & memang takde sesape yg boleh dipersalahkan. pastu bile dipikir balik... aku rasa tak penting utk cari sape yg salah. caper yg betul yg penting cara nak selesaikannya. so... bagi aku penapat themilarasu dlm oos tu boleh jawab pasal nudism ni, sebab bukan nudis a jer yg mengeksploitasi 'perempuan'... modelling, pelacuran & etc malas na sebut!!! pun sama jugak...

Also Featuring:

Cleveland's Integrity are probably the most notorious hardcore band the genre has ever produced, and as we draw closer to the new millennium, Integrity are preparing for mass destruction. Their music alone is the soundtrack to the apocalypse, coupled with the fanatic vision of leader, Dwid-Integrity is unavoidable. INTEGRITY 2000 have now arrived.

INTEGRITY 2000 mark a new era for the band. Dwid has incorporated the help of the Cleveland band Mushroom head and even shares a few lead vocal spots with Mushroom Head / In Cold Blood singer Jayson Popson. Not to worry the aggression is even fueled further as the musicianship and production on this release is their best to date.

INTEGRITY 2000 is a fresh approach for Dwid. His dark twisted ideology have not departed from the lyrics but the fresh writing approach has breathed new life into the band. The lyrics for this release will not be printed in the packaging but instead they will be on his web site. For Dwid it is just something different for INTEGRITY 2000 to do.

INTEGRITY 2000 have once again set new limits and standards for bands of this genre. They are the influence for all the bands today who incorporate that metal chug and screech into their hardcore sound. As stated by Instant magazine, "If and When Slayer pass the torch, it will undoubtedly be to Integrity." A statement that sums up INTEGRITY 2000 fairly well.

INTEGRITY 2000 are the crucial ammunition for the new millennium!

vandalism

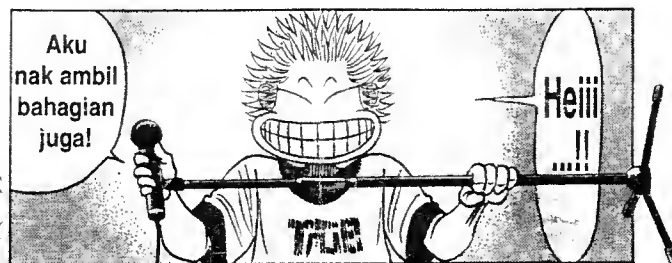

vandalism bermaksud segolongan manusia yg suka merosakkan harta benda awam (kebiasaannya) tanpa memikirkan akan kepentingan/ kesannya terhadap insan lain. walaubagaimanapun topik ini dah agak lama kita perbincangkan baik peringkat sekolah sampailah kpd masyarakat umumnya. disini permasalahan yg saya dpt lihai adalah sikap menuding jari antara satu pihak kpd pihak lain masih menjadi halangan utk kita berbincang mencari jln penyelesaian... Tapi... tulah ha kikatnya. mengenai pandangan vandalism yg mengaitkan bebudak u/g dan skate (terutamanya) dekat sini 2 faktor saya dapat lihat. satu drpdnya adalah sika psetengah pihak spt majlis, polis, etc yg sering mengambil sikapserong/ ego terhadap pengiat sukan extreme ni yg mana mereka tak mahu berbincang sebaliknnya yg mereka tahu..., menggunakan kuasa spt menyaman, menangkap, memusnahkan, etc. walaupun tak dinafikan wujudnya skate park tapi adakala tak menepati citarasa/ kehendak mereka (skate) maka dgn itu alternatif yg paling baik adalah berbincang... jikasegalanya berjaya ditangani saya rasa isu vandalism pasti tak timbul... kedua, dipihak kita (u/g dan skate) sendiri hendaklah menunjukkan sikap positif utk berubah pasal saya pasti ada ikalangan kita tak mempunyai sifat menghormati harta benda awam, walau pun pelbagai kempen/ nasihat, tapi yg malangnya seandainya berlaku situasi demikian maka yg lain menjadi mangsa keadaan, ini adalah kerana masyarakat tak melihat kpd satu golongan yg melakukannya, sebaliknya mereka menganggap semua budak spt kita, jana, rosak aklak, etc. apapun, ini pendapat saya, dan ingat bahawasanya negara ini (m'sia) masih belum bersedia utk menerima apa itu u/g, punk/hc dan extreme game? fikirkan.... (sepenuhnya)!!!!!!

homophobic

xapidzx- linggiu, johor

pada pendapat aku, kita nie tak usahlah terlalu ikut dgn ideologi barat nie. maksud aku, ikut setakat yg kita mampu saja. kita ikut benda yg baik dan positif sajalah, buat apa mak ikut benda yg buruk atau bertentangan dgn cara hidup kita selama ini. ingat... kita lahir drpd siapa? jika claim diri memasing 'pure hc', nanti suatu hari kita mesti ikut balik ajaran yg mak bapak kita ajar masa kecil dulu. memang aku sokong cakap kau tentang kau tidak mahu scene nie 'mati' oleh sebab satu perkataan iaitu 'homophobic'. tetapi masalahnya, inilah benda yg tak habis2 diperkatakan, diperbanaskan, digaduhkan dan macam2 di... aku rasa banyak lagi benda yg patut kita perbincangkan berkaitan dgn scene hari nie. sepatutnya, kita buat satu 'imej' tersendiri utk scene kita. mak sud aku, biar scene nie nampak cool dan sesuai dgn kita sebagai org timur. terkenal dgn budaya sopan santunnya. sebelum kita memutuskan utk followsesuat u ideologi, kita harus fikirkan kesannya dlm jangka masa panjang. kita perlu fikir, adakah aku perlu ikut semuanya atau setakat yg termampu? ini tak, ma in hentam semacam saja, org cakap boikot, boikot.... ikut org, macam takce pendirian. jangan tipu diri sendiri, nanti makan diri. kan bodoh buat macam tu. tetapi manusia nie lambat jer sama nitam, tapi nati lain2. depan kita senyap macam tunggul, tapi belakang kita, fuh.... 'backstab' number 1 punya.... mungkin itu hak memasing, tetapi perlu diingatkan bahawa, segala tindak tanduk kita bukan saja dipernatkan oleh masyarakat u/g, tetapi masyarakat sekeliling 'org awam'. oleh itu, fikirkan kesan keatas diri dan org lain, jika kita bertindak melulu tanpa batasan.

Judism satu issue yg memang hangat diperkatakan. mengikut dari apa yg aku kaji dan baca, it all started coz of man. yeerr... lelaki!!!, lelaki yg suka mengeksploitasi kelesihan/kecantikan pd wanita utk digayakan/diperagakan demi utk wang dengan niat utk mengaut keuntungan drpd usha wanita. satu lagi faktor ialah pereedaran zaman dan fesyen, kalau dulu wanita berpakaian sopan dan tertib teta ni kini jika berpakaian begitu dikatakan ketinggalan lama. kebanyakan wanita sekarang terikut2 dgn cara pemakaian selebriti terkenal yg dedah sana-dedeh sini. dlm itu lelaki akan terdorong melalui cara wanita ini berpakaian. wang!!! 'money make the world go around', satu lagi faktor yg memunculkan gejala tak lihat ni terhadap wanita. wanita2 ini akan dijanjikan dgn wang atau kekayaan jika mengikut apa yg disuruh/diperintahkan. so... wanita yg berfikiran cetek ni pun tertipu dengan janji manis dan tipu daya yg dijanjikan dan mereka pun dgn tanpa segan silu bertelanjang atau berbogel utk filem, iklan ataupun yg terpapar dlm laman web dan internet sekarang ni. jadi sudah terbukti wanita sekarang dian melupakan landas2 yg betul serta kekurangan moral. so... fikirkan. ed-jgn terlalu percaya dgn janji manis lelaki yg suka mengambil kesempatan terhadap kaum wanita bagi mengaut keuntungan dgn cara eksploitasi. bertindaklah sebelum kamu menjadi mangsa paca mereka yg suka mengeksploitasi dirimu. kaum sejenuismu.

copyright

eddie-segamat johor

copyright?!! kenapa saya suka cerita tentang copyright?!! kenapa!! sebab dia best... he he, takdelah, saya masih mengetengahkan cerita tentang copyright kerana pada pendapat korang, adakah copy right mampu menaikkan atau mengukuhkan sesebuah scene itu?!! oh, itu semestinya silap sebab copyright sebenarnya a tidak mampu mengubah keadaan sesebuah scene tersebut. dimana dari sebuah scene yg kecil hingga ke sebuah scene yg besar, dengan secara tiba2(dgn copy right tersebut) isah.. mungkin tidak. contohnya sebuah zine dicopy dgn tanpa keizinan editornya dan lagu yg dicipta secara diy oleh seseorang band dirakam tanpa kebenaran dari line-up mereka. adakah ia dapat dan mampu menjadikan editor @ band tersebut berbangga? tidak sebab bagi saya mereka akan lebih berbangga & gembira apabila menerima feedback drpd seseorang walaupun komen yg negatif drpd membuat kerja yg tak berfaedah & tak berguna dlm scene kita iaitu "copyright". Lebih2 lagi apabila seseorang band tu susah payah cari lirik, lagu & etc kemudian kita hanya merakam saja drpd kawan kita. lagipun apa yg kita dapat jika kita sentiasa memuat kerja seperti itu? ney, wake up man!! come on, tunjukkanlah satu movement & bukalah minda agar tidak tertumpu kpd satu benda saja. sebab kalau dilihat scene kat m'sia ni memang maju sehingga akan ramai editor yg lahir & masing2 bernasrat hendak menajamkan knowledge seseorang agar dapat berkongsi antara satu sama lain dgn perbincangan. oleh itu, saya bernaarap agar copyright tidak akan wujud dlm hati kita melainkan dgn keizinan & article ni tidak ada kena-mengena diantara satu sama lain.

TO GAY OR NOT TO GAY?

Recently we've been bombarded with gay issues. Some zine even wrote some nasty stuff about it while others condemn these zines. there are others who secretly or openly agree. Some say that because of equality, those who supports the concept shouldn't say anything bad about gays. While some say that equality and gays are two totally different things, so they claim that they practice equality and it's okay to discriminate gays. Again like the SME and religion, we're once again up against a very sensitive issue and as always there's no easy way out. Unlike SME which most people chose to leave out religion citing that religion and SME is two different things, this gay issue is not something which we can just leave be. I for one am not in favor of discussing about this topic but because it's already been brought up and I don't like the way things are heading, it leaves me no choice but to say my piece. A lot of people today (I'm talking about today not yesterday or 10 years ago) understand completely what gay means. I'm not talking about their sexual preference because it's widely-known that gays are homosexuals (attracted to their own sex). What I want to discuss is why society must treat these gays like they're some sort of disease. It is totally unfair to blame gays for the spread of the HIV or AIDS, heterosexuals also play a big part in distributing the disease. Of course in Islam it's wrong to practice homosexuality but it doesn't say anything about being one. Have you ever realized that almost all gays are born that way, is it their fault that they just don't find the opposite sex attractive? Have you ever realized how hard it is to face up to people everyday with the fear that everybody's gonna bash you just because you're gay? Now, when people say that they're not comfortable being around gays or talking about them, isn't that a little bit too extreme? Maybe the guy next to you right now is a gay, maybe your best friend's a gay even though he/she tries their best to hide it. Will you break up a friendship just because he/she doesn't share the same sexual preference that you do? Just because heterosexuals are the majority, doesn't mean that being gay is a sin. Practicing homosexuality is a sin but being one is not. This is not a matter of choice, if you're born a gay, you are a gay, no matter how many heterosexual intercourse you've had. Undeniable that there are gays that are induced into being one, but that doesn't mean that he/she was not gay before, it was just all inside. What frustrates me the most is how some scenesters condemn gays without really thinking about it. It's okay to voice your opinion on certain issues, but voicing them doesn't mean enforcing them on everyone else. Is it so wrong being gay? Sometimes I just wonder how come gays became the topics that underground followers wants to talk about. It doesn't really has a direct effect on the scene, it's more towards the society. I feel sorry for those who hate gays without really understanding why. You can't just hate someone just because he/she's gay. His/her sexual preference is very private and nobody else has any right to judge he/she's right or wrong. Now that's equality. I know that in today's society, declaring oneself is gay is like committing suicide and I pity the society's way of thinking. Is it really easier to just hate than to understand? Maybe by now, some are questioning my sexual preferences. I dunno, maybe I'm gay... does that make me eligible for you to hate?

7- apa yg anda tahu mengenai homophobic 2, adakah ia mendatangkan kebaikan -
keburukan ?

Kojak : homophobic adalah mereka yg menentang sekeras-kerasnya perlakuan homos
eksual & juga para perilakunya iaitu gay/lesbian malah golongan pondan juga. h
omophobic langsung tidak mendatangkan apa2 kebaikan bagi kita malah banyak mem
beri keburukan spt yg aku kata tadi.

8- any latest news mengenai scene disana, terutama sekali u/g & skate & last
fucking out for me & last word with love//respect//peace to all reader ?

Kojak : pasal scene di high castle ni, still slowly walaupun makin hari semaki
n banyak band & fanzine yg muncul., & yg sedihnya, studio dimana kita org pract
ice telah tutup. so, we have no choice to practice our band today. utk scene s
kate, pun semakin ramai yg berminat join dlm bidang ni, setakat ni dihigh cast
le sudah ada dua skate park iaitu di bdr kota tonggi & di tempat aku sendiri.
walaupun aku tak reti main skate, but i always support them. and lastly, kita
sebagai seorg hc/punk sepatutnya tahu apa itu equality/ persamaan sesama manus
ia tanpa berlaku penindasan. timbulnya masalah homophobic ni kerana kita belum
bersedia dgn sepenuhnya utk menghadapi dunia scene yg berlainan dgn dunia sebe
nar. agama sendiri ada diplomasi dlm menyelesaikan sesuatu masalah. lihat saja
sejaran nabi2 dahulu. hanya tuhan saja yg menentukan hukuman sekiranya cara di
plomasi tidak berkesan. nasihat lebih baik drpd penghapusan. that's all & than
x again to mr azam. stop racist !!!, stop homophobic !!!!----

Jawapan dari su/santos (punctual)- aku nak minta maaf nih pasal tak dapat jaw
ab interview kau. aku bukan tak nak jawab tapi aku tak berapa berminat ar cit
e pasal homophobic & religion ni. isu ni sensitif & kalo aku keluarkan kenyet
aan aku dlm i/w kau tu mesti jadi isu. lagi pun aku taknak & tak pedulikan ar
ang, memasing punya halloh sebab aku join u/g ni utk diri aku bukan utk dia o
rang, gasak dia oranglah janji aku hepi he... he... p/s: kita tak boleh buat
apa2 pun kalo bangkit2 isu homophobic nih. dan tak boleh nak buat mende. kita
hanya perlu diam. kita takkan boleh ubah pendirian org yg trust their belief.

Do we really love animals, or only the opportunity of killing them ?

Many species have been depleted by hunting for sport. Often people who
hunt and shoot are animal lovers, but others are revolted by unnecessary
killing and cruelty. Lion, leopard, rhino, elephant, buffalo, giraffe,
cheetah, antelope - anything that moved was shot. The parts of Kenya that
were richest in wildlife became two huge game reserves, not for the
protection of animals but as hunting reserves for the privileged, like the
old royal hunting forests of England. This period has given us the image
of the big-game hunter, with his guns and his boys, dressed in his bush
jacket and topee, as seen in countless films. An American hunter claimed
to have killed several thousand golden eagles in the western USA, having
shot them with a shotgun mounted on the cockpit of a light aeroplane.
He had no food, no trophies to show for it, just the satisfaction of
having killed them.

Many animals are hunted, trapped and caught for the pet trade, zoos, food,
circuses, or for the laboratory experiments (fuck this shit). In America
in particular the sale of wild animals as pets has become big business,
though Britain and other countries are also deeply involved. Many very
unsuitable animals are offered for sale in pet shops and are bought by
people who know very little about their nature and requirements. Monkeys
may be small, attractive and intelligent, but they are also likely to become
destructive, unpredictable, and even dangerous. Other animals on sale are
delicate, difficult to feed, or quite unable to withstand different climatic
conditions or thoughtless treatment. Few of them will be able to breed.
In Britain, the import of over a quarter of a million tortoises a year for
sale in the pet shops has attracted most attention. A great many of them die
very soon, and few survive their first winter in our colder climate, quite
apart from the very large number that die in transit.
Women pursuit of fashion has brought death and suffering to hundreds of
million of wild animals, and has put many species on the danger list.
In any large city, you could probably buy a coat made from ocelot, jaguar,
leopard if you have the money. It might cost you several thousand pounds.
It's hard to say how many deaths have been caused in making it.
STOP KILLING THE ANIMALS !!!!!!!!!!!
KILL THE ANIMALS?
YOU WILL DIE WITH IT !!!!!!!!!!!

apa itu kebebasan ?!!....

kebebasan adalah antara isu yg hangat diperkatakan dlm scene u/g. di mana? saja zine, n/letter @ band yg kita baca/ dengar membahaskan isu kebebasan dlm konteks kemanusiaan. oleh itu, kita juga sering mendengar suara yg menuntut kebebasan wanita, akhbar, bersuara, beragama & tuntutan lain utk kepentingan hidup. meninjau senario ini masih ramai diantara korang ni masih keliru dlm pengertian sebenar kebebasan. ada yg memahami kebebasan dlm erti kata boleh melakukan apa saja, mengikut kehendak hati & nafsu, biarpun bercanggah & bertentangan dgn nilai kemanusiaan yg luhur. adakah ini yg dinamakan kebebasan ???... cangguklah kita melakuan apa saja terhadap sesama manusia, merogol, membunuh, merosak, mengukum, mendera, dll ???...

dlm kebebasan bersuara kita bebas menyatakan pendapat, buah fikiran, teguran & kritikan yg membina, tetapi tidaklah terlalu melampau & kurang ajar sehingga mewujudkan perselisihan faham/ pergaduhan. oleh itu, kita mesti menyalurkan sesuatu itu dgn tepat & ada bukti yg kukuh, tidak seperti sesetengahnya hanya suka bercakap/ menyampaikan maklumat yg palsu tanpa mengetahui apa motif sebenar org yg mereka katakan itu.

Kini kita berada dlm dunia yg serba moden & kini semakin banyak gejala sosial seperti perbuatan maksiat serata amalan keji. mereka bebas melakukan apa saja termasuklah hubungan sejenis, minum arak, hisap dadan, dll, disini berhaklah kita menghukum mereka ?!!.... ya!!... kita berhak menghukum mereka tetapi dgn cara lembut lidah iaitu nasihat, teguran @ tunjuk ajar kepada mereka, bukanlah dgn kekerasan yg boleh mewujudkan penindasan hak asasi kemanusiaan. sekiranya mereka tidak dapat menerima dgn cara lembut lidah, itu terpulanglah kpd mereka kerana jika mereka itu beragama itu antara mereka dgn tuhan mereka tetapi sekiranya mereka tidak beragama maka kita tak boleh berbuat apa? kerana tiada paksaan dlm menegakkan kebebasan mereka, takkanlah kita nak memaksa mereka mengikut cakap kita, siapa kita nie ?!!.... mak, bapak, abg, kakak mereka ker lainlah keluarga mereka yg memaksa mereka coz itu masalah keluarga mereka sendiri nak menerima @ tidak kebebasan yg mereka miliki.

bercakap pasal agama, dulu aku terbaca beberapa zine yg memperkatakan mengenai isu murtad dlm scene u/g nie. kalau tak silap isu itu ada kaitan dgn straight edge, anarchy, etc. seperti sedia maklum bahawa u/g & agama memang tak boleh dikaitkan kerana ia bertentangan. dlm konteks agama disini kita tidak boleh mempersendakan kebenarannya kerana apa yg ada pada u/g nie sesetengahnya ada pada agama cuma ia bercanggah. kebebasan dlm beragama itu adalah hak masing-masing lagipun kita hidup dlm berbilang bangsa & agama, islam ada, budha ada, hindu ada serta yg takde agama langsung pun ada. seperti yg aku taip diatas pekara ini perlulah di selesaikan dgn cara lembut lidah, terpulanglah yg empunya diri nak menerima atau tidak nasihat/ teguran dari kita. biarlah mereka dgn kehidupan mereka & kita dgn kehidupan kita yg kita pilih sendiri.

dlm u/g wanita pun berhak menuntut kebebasan utk join sama, tapi mereka banyak menemui masalah spt pergaduhan, saja nak cari gimaor, berpakaian yg menggiurkan, etc. dlm konteks nie bagi aku wanita mempunyai hak & kebebasan sama rata dgn lelaki tak kiralah sama ada korang kata mereka nie mendatangkan keburukan @ kebaikan, kerana kebebasan itu bersifat relatif iaitu tidak mengganggu kebebasan org lain & tidak bercanggah tak neran an sekarang ni wanita juga boleh membuat zine, distro serta band, tak salahkan kalau mereka meriahkan lagi scene u/g ni kerana a u/g mengamalkan equal ethic, tak patut ah kalau kita blame mereka, di mana letaknya prinsip freedom & peace yg selalu korang laungkan ?!!.... well sekiranya mereka melakukan kesilapan itu mungkin kerana mereka masih baru & fanatik serta keliru dgn ethic/ philosophy dlm u/g ni. banyak dan aku baca zine dimana mereka mengutuk kehadiran kaum wanita yg pelik nya ada juga zine wanita yg mengutuk kaumnya sendiri !!... apa ni ??... sepatutnya mereka memberi nasihat serta tunjuk ajar baru ler best. isu

kojak : pertama sekali ingin aku bertanya, apa yg membuatkan kita tertarik utk join scene ? & apa yg selama ini kita perjuangkan ? sudah tentu semuanya pasal human right-hak hak kita, hak2 individu lain baik wanita, org cacat & golongan yg gay/lesbian. ini adalah sebahagian dari perjuangan kita dlm scene. e. kita sebagai manusia mempunyai hak kehidupan kita sendiri tanpa diganggu oleh org lain kerana org lain tak berhak utk mengacau hak kita. so, homophobia (yg dikatakan menjadi kontroversi dim'sia kini) adalah salah satu contoh penyaluran keatas hak kehidupan seorang individu. aku tidak menganggap bahawa kerana isu homophobia ini akan menghancurkan sesuatu scene. tapi, sesuatu scene akan hancur apabila ada segelintir 'ahlinya' yg mengamalkan sikap racial prejudice ini (homophobic). apa gunanya pakai patches 'E' & 'A' tetapi sendiri tak tahu maknanya/ maksudnya dgn mendlm, & apa guna apabila seorang punk yg berkata... "setiap org berhak memilih jalan hidupnya sendiri..." tetapi kemudian mengutuk perlakuan homosexual, memang ini adalah ideologi ciptaan manusia tetapi didlm agama sendiri adakah tuhan mengatakan bahawa kalau kita tidak suka pada seseorang, kita patut blame mereka sampai lenyap dari muka bumi ini, semestinya tidak, hanya tuhan sahaja yg berkuasa utk menentukan hukuman keatas seseorang. kita hanya manusia biasa yg hanya mampu memberi teguran & nasihat saja. selebihnya bukanlah urusan kita lagi.

4- dlm sxe mereka tidak mengamalkan sex bebas lantas membanteras salah laku sex, adakah sxe nie tergolong dlm homophobic ?

kojak : maaf krn aku tidak dapat menjawab soalan ini krn aku bukan sxe & kuranng memenami pasal sxe ni. aku juga pernah bertanyakan soalan ni kpd seorg mamat sxe tetapi jawapan yg diberikan amat mengecewakan aku. bagi aku free sex & homosexual dilakukan atas dasar cinta antara kedua pasangan. berlainan dgn rogol @ pencabulan krn ia dilakukan secara paksaan tanpa kerelaan sebelah pihak. aku rasa kau seorg sxe tentu boleh jawab soalan ni. sorry ye!!.. ed- i'm not straight edge ma... aku masukkan soalan nie pun kerana ada sedikit kaitan dlm perbincangan homophobic ni... sorry....

5- seorang mamat nie anti-homophobic, tetapi dia dapati abangnya melakukan sex sejenis, pada pendapat anda apakah tindakan mamat nie sedangkan dia anti-homophobic ?, bagaimana pula sekiranya kejadian diatas terjadi pada abg anda, apa pula tindakan anda ?

kojak : seperti yg aku kata tadi, itu adalah hak seseorang individu. kita tidak ada hak utk mengganggu kehidupan yg dia pilih. jln utama adalah lakukan perbincangan & beri nasihat kpd dia. terpulang pada dia utk berubah @ tidak, kerana kita bukan tuhan utk menjatuhkan hukuman keatas seseorang. biar tuhan yg menentukan untung nasib mereka. mereka juga manusia spt kita, takde sebab utk kita menghukum @ memaki @ memukul mereka. takkan kau nak belalah abg kau kalau dia tu gay. dari konsep punk yg sebenar iaitu 'think for your self', semua manusia berhak menentukan sendiri jln mana yg akan diambil & dipilihnya. so, begitu juga bagi golongan ini yg memilih cara hidup mereka. tidak kiralah sama ada abg aku akak aku, bapak aku, nenek aku menjadi lesbian/ gay, itu adalah cara kehidupan yg mereka pilih sendiri. so, aku tak berhak mengganggu kehidupan mereka itu.

- adakah homophobic tergolong dlm kelompok racist ?

kojak : ya!! 100 peratus aku mengatakan homophobic ni tergolong dlm kelompok racist, kerana homophobic spt jugs nazi yg menindas org lain yg lemah dari pandangan mereka utk kepentingan diri sendiri. so, mereka yg homophobic tidak uban macam nazi !!!.. ed- yup!!! betul tu, aku sokong sama sekali...

DISCUSSION

"am i homophobic ? how about you ?"

ini adalah discussion yg diberi tajuk "am i homophobic ? , how about you ?" editor yg terlibat ramai tapi hanya 3 org jer yg menjawab serta seorg memberi letter utk tarik diri. dlm ketiga2 int yg dijawab oleh apex (simple), aren (di sporisum) serta kojek (free as a bird), hanya satu int jer yg aku boleh terima utk dimuatkan dlm cos #10 ni iaitu drpd kojek. beribu kemaafan kpd apex & aren serta thanx coz susah payah menjawab soalan yg merapu ni, ini adalah kerana ja wapen yg diberi amat mengelirukan & aku takut kalau2 pembaca yg membaca int ni akan merasa serba salah dgn jawapan yg diberi. so... mari kita hayati bersama jawapan yg diberi oleh kojek selaku editor free as a bird serta letter pemarkan diri drpd su/santos (punctual) :-

1- macam biasa first word, pengenalan diri, sejarah kewujudan zine, etc ?

kojek : hai to all reader of this n/l and thank to mr azam for this int. nama aku kojek from high castle d.i.y community scene dan juga the editor bagi free as a bird fanzine. faab baru jer release #1 about 4month ago. sejarahnya bermula apabila aku rasa bosan tanpa melakukan sesuatu utk my lovely scene. sebelum ni aku pernah help my friend to publish an all around fanzine called gattaca & had formed a band called protest to resistance, but.. both was r.i.p due to some personal problem & at last, i make decision to publish fanzine again with strongly spirit. that all.

2- dlm u/g sebenarnya kita tidak boleh mengaitkan religion, tapi itu dibarat, dim'sia aku rasa religion boleh dikaitkan dgn u/g coz kebanyakan ideologi barat bertentangan dgn religion kita, so.. apa pendapat anda, boleh ker religion nie dikaitkan dlm u/g ?

kojek : tidak kira sama ada di barat @ di m'sia, ideologi hc/punk itu pada asasnya adalah sama. dan sama ada agama itu boleh dikaitkan didlm hc/punk @ tidak, bukanlah satu persoalan disini. jika di barat, segelintir dari mereka tidak mempercayai agama kerana mereka menganggap agama ini boleh menyebabkan berlakunya exploitation, but.. berlainan di M'sia, kita adalah muslim masih berpegang pada ajaran agama dan rata2 dikalangan kita adalah muslim. agama adalah satu 'benda' yg sensitif utk dibincangkan didlm scene. jika kita menganggap bahawa ideologi hc/punk ini telah menyesatkan kita, so why waste your time & just leave it now !!, bagi aku, apa yg ada didlm hc/punk ini tidak sedikit pun menyesatkan kita hingga menjadi murtad. at least, kita pandai menggunakan otak kita. sebenarnya banyak persamaan antara ideologi hc/punk & fahaman agama yg kita anuti sekarang. semuanya ada kaitan dgn human right iaitu perjuangan kita dlm scene. cuma agama itu lebih kompleks dan ada kalanya tidak berapakah kompleks seperti seorang paderi yg menggonggong hidup org lain. this is fascist !!! bagi aku, buat apa yg kita nak buat. selagi ianya tidak mengacau kebahagiaan org lain. jika kita masih percaya pada agama yg kita anuti sekarang, teruskan kepada kepercayaan tersebut walaupun kita join scene & juga jika sebaliknya... it's up to you all. itu adalah hak individu.

3- issue homophobic sehingga kini menjadi persoalan sehingga melibatkan pertelingkahan, perbalahan/ kontroversi etc yg keterlaluan. perlukah ideologi nie kita hapuskan coz berkemungkinan ia boleh memusnahkan sesuatu scene di m'sia, apa pendapat anda & cadangan yg terbaik bagi menyelesaikan permasalahan ideologi ciptaan manusia nie ?

hussy girl tu bagi aku tak best ah kerana ia banyak menimbulkan masalah ianya seperti suatu penindasan/kutukan kpd kaum wanita, well kita tak boleh buat apa2 dlm hal ni kerana kebebasan mereka itu tak perlu ler kita larang, sekiranya korang tak berpuas hati gunakanlah cara lembut lidah seperti yg aku katakan tadi. bagi aku lelaki ker, wanita ker sama saja mesti ada melakukan kesalahan/ kesilapan dlm scene, so perbetulkanlah kesilapan itu dgn cara terbaik, apa guna ada akal kalau tak diguna dgn sebaik mungkin...

oleh itu berfikirlah secara terbuka adakan kebebasan itu utk korang melakukan apa saja biarpun bercanggah/ bertentangan dgn nilai kemanusiaan. kita tak boleh bersifat sedemikian kerana ia akan memburukkan lagi keadaan, keegoan, hipokrit, pentingkan diri sendiri, kutukan, penindasan, etc perlulah kita tangganni dgn cara sebaik mungkin, baru ler scene ni nampak best & cool. kebebasan dlm peperangan telah menampakkan kita akan kerakusan mereka yg melampau serta kurang ajar, tak perlulah kita pula berperang sesama sendiri dlm scene yg kita cintai. nasihat/ teguran patut kita terapkan, nak kesamarataan perlu kita peraktikkan dgn baik bukan dgn kekerasan/ mengutuk/ mengutuk, etc. aku rasa aku ah banyak mengarut dlm article ni segala kesilapan kekasaran bahasa harap korang maafkan, kalau ada apa2 tak kena jangan malu utk bertanya coz aku ni bukannya betul sangat. so think about it !!!.. gunakanlah akal serta fikiran bukan dgn kutukan/ penindasan.

pekerjaan yg telah hilang di KL...

zafran- k.lumpur

assalamualaikum & salam sejahtera kpd pembaca semua. lets talk about pekerjaan yg telah hilang di KL. mungkin topik nie dah lapuk & membosankan, tapi apabila difikirkan ia telah memusnahkan suatu peluang pekerjaan yg ada di KL.

pada awal thn 1998, kerajaan telah mengadakan kempen utk menggesa kpd toke y2 syarikat minyak supaya menamatkan petugas petrol pam ni. pelbagai alasan yg telah kerajaan berikan supaya menamatkan kerja ni. antaranya supaya warga KL pandai mengendalikan petrol pam itu, supaya tokey kedai/pam minyak dapat kurangkan kos perbelanjaan & pelbagai alasan lain diberi, tetapi kerajaan tidak melihat perubahan yg dibuat ni pd masa akan datang. akibatnya satu peluang pekerjaan telah hilang, ramailah pemuda2 menganggur sekiranya tiada pekerjaan lain selain drpd menjadi petugas petrol.

warga KL terkenal dgn sentiasa mengejar masa. dgn hapusnya petugas pam minyak, warga KL perlu terpaksa melakukan sendiri apabila nak mengisi minyak, mereka perlu membuat bayaran di kaunter & pergi kepetrol pam, bagi aku ini dah merugikan masa warga KL yg sentiasa nak cepat. kalau ada petugas petrol tak perlulah mereka bersusah2 nak kekaunter & pam sendiri. ini tak bermaksud warga KL ni pemalas ha...

konduktor bas juga merupakan salah satu lagi pekerjaan yg telah hilang di KL, ni kerana kebanyakan bas2 kini menggunakan tabung tangkang auto. bas yg memperkenalkan idea bodoh ni adalah syarikat bas intrakota. konon2nya cara tu utk mempercepatkan/ menyenangkan pihak bas dan org ramai serta dapat meningkatkan lagi imej bas di KL ni. bagi aku cara tu hanya menyusahkan & merugikan. pertama, org yg tak berkelulusan tinggi tidak dapat lagi menjawat sebagai konduktor bas. kedua, pengguna terpaksa/perlu menyediakan tangkang yg secukupnya, kalau tidak duit lebih tidak akan dipulangkan. cara ini amat disukai oleh tokey2 bas kerana ia tak perlu bayar gaji kpd konduktor malah mendapat keuntungan lebih drpd duit tangkang pengguna yg terlebih hah !!!...

jadi kpd sesiapa yg angan2 nak jadi petugas petrol & konduktor bas tu lupa kan jerlah niat korang tu. dalam hal ni, ia dapat memberi petunjuk supaya belajar bersungguh2 agar senang mendapat pekerjaan yg masih ada lagi di KL ni. topik ni hanyalah luahan dari hati aku, sekiranya ada salah & silap harap di maafkan... (ed- sediakanlah tangkang yg secukupnya supaya kita tak rugi)

Fascism

Is sure that most of you readers has heard of the word Fascist but how many of you really understand what it means? Some has associated it with rascism, but actually it's very different, a fascist may not necessarily be a racist. I have taken a lot of facts from the encyclopedia and written them down here for you learning.

Fascism, 20th-century form of totalitarian dictatorship that sought to create a viable society by strict regimentation of national and individual lives; conflicting interests would be adjusted by total subordination to the service of the state and unquestioning loyalty to its leader.

Fascism emphasized nationalism, but its appeal was international. It flourished between 1919 and 1945 in several countries, mainly Italy, Germany, Spain, and Japan. Fascist regimes also existed for varying lengths of time in Austria, Poland, Bulgaria, Greece, Portugal, Romania, Hungary, Finland, Norway, and Argentina. Even such liberal democracies as France and England had important Fascist movements

Origins

Before World War I several writers, among them Gabriele D'Annunzio, an Italian, and Georges Sorel, Maurice Barrès, Charles Maurras, and Comte Joseph de Gobineau, all French, had expressed Fascist ideas, but it took postwar economic dislocation, the threat of communism arising from the Russian Revolution of 1917, and the Great Depression of the 1930s to transform fascism into a serious political force

The term *fascism* was first used by Benito Mussolini in 1919 and referred to the ancient Roman symbol of power, the fasces, a bundle of sticks bound to an ax, which represented civic unity and the authority of Roman officials to punish wrongdoers. Mussolini, the founder of fascism in Italy, began his political career as a Marxist. In 1912, as the editor of Italy's leading socialist newspaper, *Avanti!*, he opposed both capitalism and militarism. By 1914, however, he had changed his attitude, calling on Italy to enter World War I and moving toward an accommodation with the political right. Influenced by the ideas of Sorel and the German philosopher Friedrich Nietzsche, he glorified "action" and "vitality" and denounced antiwar Marxists for their lack of "pragmatism." After the war, when a series of socialist-backed strikes broke out in Italy—both workers' strikes in the cities and peasants' strikes in the country—Mussolini put his movement at the

+ tamat jer hujan gig pun bermula dg n band miss understood sebagai band 1s t. band nie membawa rentak punk rock, boleh dikatakan hebat tapi agak berterabur cord gitaristnya maybe gayat kot coz 1st band ler katakan.

+ kemudian virgin violet pula mengambill alih utk beraksi atas stage. band nie menang gerak, susunan muziknya cukup unik & menyayat hati dgn rentak ska siapa sangka band nie boleh membawa lagu band operation ivy serta rancid dgn cukup bertenaga, huh! cayalah...

+ ab/cd side band syikin pula menunjukkan kehebatannya selepas virgin violet. dgn rentak punk rock mereka beraksi i dgn penuh semangat. kelihatan syikin agak mengeletar sikit coz dari mula a ku jumpa dia, dia kata dia gayat mua.. ha.. ha.. reflex syikin, this band is great sey!!..

Ready Set Go!

Crew

service of conservative business and landlord interests that, together with the Roman Catholic church and the army, wanted to check the spread of Mussolini's about-face brought him the political and financial backing he needed, and his own considerable oratorical powers did the rest (like Hitler in Germany, he was a highly effective demagogue).

Italy Under Fascism

In 1922 Mussolini seized control of the Italian government and established a dictatorship. All political parties except the Fascist party, were banned, and Mussolini became Il Duce—the leader of the party. Labor unions were abolished, strikes were forbidden, and political opponents were silenced.

Lowered Living Standard

Once in power, Mussolini had no immediate program for solving Italy's social and economic problems other than giving free rein to big business (both urban and rural), being "pragmatic," and preaching the need for discipline. The result was that Italian workers lost (1926) the protection of the eight-hour-day law and a general wage reduction was decreed by the government. Between 1928 and 1932 real wages in Italy were reduced by almost half. By 1930 they were already the lowest in Western Europe. Between 1926 and 1934 the purchasing power of farm workers declined by 50 to 70 percent, partly as a result of a government policy that restricted migration to the cities—a policy that pleased landowners who thereby could keep farm wages low. Mussolini acknowledged (1930) that under his regime the standard of living had indeed fallen but he also stated that "fortunately, the Italian people were not accustomed to eat much and therefore feel the privation less acutely than others."

Deficient Social Services

Foreign tourists were impressed by the way Mussolini made the trains run on time, ended public begging, and offered well-publicized social services to his people. What they ignored was the decline in the nutrition of the lower class, the increase in child labor, and the fact that a smaller share of the national income was spent on social services than in most other European countries. Despite the land hunger of the peasantry, Mussolini did nothing to divide up the large estates the *latifondi*; some 15 noble families held among them more than 400,000 hectares (1 million acres) of land. Infant mortality in Mussolini's Italy was more than twice as high as that in Scandinavia.

Not only was military conquest seen as the way to solve the nation's economic problems, but military values were praised as good for their own sake. Among the favorite slogans of the regime were "Nothing has ever been won in history without blood-shed!" "A minute on the battlefield is worth a lifetime of peace!" Mussolini himself was to be obeyed in a military manner: "Believe! Obey! Fight!" "Mussolini is always right!" The Fascist male was to be Darwinian, not humanitarian; tough, not soft; masculine, not feminine. Concerned with the moral health of society, Fascists denounced "decadence" in all its forms: hedonism, materialism, individualism, democracy, and sexual laxity.

In 1929 Mussolini signed the Lateran Accords with the Vatican, naming Roman Catholicism the "only state religion." Tension developed later between the state and the church over which of the two was to control Italian education.

Fascism Elsewhere

Fascism in other countries differed from the Italian variety in certain respects. For instance, in Germany (see National Socialism) it was more racist; in Romania it was allied with the Orthodox church rather than the Roman Catholic church. In Spain, the radical Fascist Falange was originally hostile to the Roman Catholic church, although later, on the direction of dictator Francisco Franco, it merged with a reactionary and pro-Catholic group. Fascism in Japan was closely akin to that of Nazi Germany. Led by the military, it emphasized the traditional warrior virtues and an absolute dedication to the divine emperor. Like their German counterparts, Japanese Fascists also launched a fanatic drive for expansion by military conquest.

In France fascism was divided into several movements. Whereas fascism in most cases flourished in countries that were economically backward or marked by strong authoritarian political traditions, French fascism made headway in one of Europe's most established democracies. In 1934 an estimated 370,000 people belonged to the various French Fascist organizations, such as the Jeunesses Patriotes, the Solidarité Française, the Croix de Feu, the Action Française, and the Francistes. More than 100,000 of these were concentrated in Paris. Many prominent intellectuals and thousands of university students were attracted to Fascist ideals during the 1920s and '30s, in France and England as well as in Italy and Germany.

Now, a lot of the text may seem like a history lesson, but I believe that it's better for kids out there to know about fascism before shouting at the top of their lungs that their against fascism. Besides, this issue's motto is **Generating Educated Rebels** (the one on the cover is just a phrase).

Role of Women

Despite the decline in food consumption, Mussolini launched a campaign to increase the birth rate ("Battle for births"). This, he felt, was needed to demonstrate national "virility" and provide future personnel for the Italian armed forces, for by 1936 the conquest of foreign lands had become Mussolini's final solution to the economic problem.

Women's role in this plan was to bear as many babies as possible. In 1940 Mussolini reviewed a parade of 180 married couples, who had produced 1544 children (an average of eight children per couple), and gave the mothers gold medals for their service to the nation. The regime made a concerted effort to exclude women from the white-collar professions and higher education so they

could stay home and care for their children. All education regarding birth control was banned by a law of 1927. Feminists were condemned for diverting women from their assigned role of breeding—a role that included obedience to male authority. "Woman," wrote the Italian Fascist Ferdinando Alfonsi, "must remain under the subjection of man—father or husband—and must recognize therefore her own spiritual, cultural, and economic inferiority."

French Fascists echoed the same sexism. Associating militant feminism with Marxism and class struggle, they called for conciliation between the sexes as well as between economic classes—but on male terms. Pierre Drieu La Rochelle, a novelist who later became an apologist for the Nazi occupation, damned feminism as a "pernicious doctrine" and claimed that women, lacking the spiritual qualities of men, were a source of decadence.

Fascist Methods

Like Communists, Fascists employed totalitarian methods, but for conservative rather than socialist ends. Far more totalitarian toward the left than toward the right, Italian Fascists crushed the labor movement but allowed big business to run its affairs with a minimum of government interference. Cartels flourished in Fascist Italy at the expense of small business and the consumer, despite Mussolini's earlier promises that he would protect the latter. His anticapitalist rhetoric was contradicted by his policies, such as reducing taxes on big business, when he came to power. Eventually, however, corruption in the Fascist bureaucracy and the need to increase taxes, even on the rich, to support military spending alienated some conservatives from the regime.

From the beginning, the philosophy of Italian fascism heralded the virtues of war.
